The

TUMBLEWEED

## Better Education, Better Livin’

By: Hannah Thomas

On the 26<sup>th</sup> of September, Pastor Mike Kauffold came and spoke to us in chapel. His chapel was based off Romans 1, where Paul discovered it was impossible to be perfect but he was determined to do his best in life. He compared it to how we as Christians try to be good enough for God so he can see that we truly care. Have you ever

thought about the goal of your education? The key to setting your main goal is having two other goals within that goal (personal goal & academic goal). Today society sees us as smarter and better than people before us, which means they expect the world from us. He pointed out that the better education you receive, the better you can live in today’s society. Rise and

achieve your goals, push forward because what you do today, tomorrow, or right now in this moment may affect your future. Education makes a difference; it gives you the ability to think and reason and provides you with vast opportunities. Did you know that your brain doesn’t fully develop until

you’re 25? We really appreciated Pastor Mike coming and opening up our minds to different aspects of education and life. Thank you very much for sharing with us. “What you learn today, can greatly affect your future”.

## Fisherman’s Anchor

By: Olivia Brown

On September 30th, the student body, as well as the staff, gathered together for chapel. The worship team started it off by playing Your Great Name, 10,000 Reasons, and More Than Conquerors. Mr. Burkhart introduced our speaker, Katie Daniels, who shared parts of her testimony with us. She grew up in a Christian home with her three sis-

ters in Unalakleet, Alaska. Katie attended a Bible college for a year and then went to the University of Alaska to become an archeologist. During college, she experienced the power of Satan’s lies. There were three main lies she believed: you haven’t made it till you live alone in an apartment,

returning home is unacceptable, and you can’t go home without proving you can live on your own. Lies prevented her from going home until she got past her pride. She stated that Satan hides little truths in lies. She then shared a few stories from her own life and how God has worked through them. In one of her stories, she

## Challenges from the East

By: Kyle Pederson

On September 27th and 28th the Lustre Lady Lions took on two good teams from the East, the Froid/Medicine Lake Redhawks and the Savage Warriors. Against the Redhawks the Lions had 11 kills, 4 blocks, 4 aces, and a whopping 37 digs. Lily had 15 of those 37

digs and also had 3 of the four aces. The Lions were outed in 3 games. The scores of those were 25-9, 25-14, and 25-22. The Lions tried for a comeback in the third game, but sadly they fell a bit short.

Against the Savage Warriors the Lady

Lions had 22 kills, 2 blocks, 11 aces, 45 digs, and 20 assists. Olivia and Tiara had 6 kills each and Alexa and Amber each had a block. Tiara led the team in both aces and digs with 4 aces and 20 digs. Lily led the team in assists with 13. It was a

close match the whole way. The Lions lost in 25 the first 2 games. Again, the Lions fought for the comeback in the third game but fell just short with a 29-27 loss. They fought with heart and pride in both matches and represented the school well.

## A Win for the Lady Lions

By: Lily Short

This past weekend, the Lady Lions fought hard in two home games. The first match was against the Scobey Lady Spartans on Thursday, October 3rd. The Lions started out strong in the beginning of the game winning the very first set, 26-24. The Spartans came back in the second set, and won 25-15. The Lions still fought hard, but lost the third set 25-10. However, in the fourth game,

the Lady Lions stuck with the Spartans only letting them win 25-21. Overall it was a good game, and it gave the team some hope for the upcoming games.

Tiara led the team with 7 kills, Lily led the team with 10 assists, Olivia led the team with 16 digs, Alexa and Amber had 4 blocks each, and Tiara and Amber led with 3 aces each.

The next night, the Lion's Volleyball team competed against the Culbertson Cowgirls at home. The Lions started out the game strong and came out with a win in the first set, 25-22. They also won the next set 25-21. The Lady Lions pushed hard to finish the game in three and ended up winning the final set 25-21.

Amber led the team with 7 kills, Lily led the team with 12 assists and 14 digs, Alexa led with 6 blocks, and Olivia had 6 aces. This victory for the Lady Lions marks their first Conference win of the season which goes towards the placing in the District Tournament. Thanks to everyone who has come to support the Lady Lions this season!

## A Tournament of Learning

By: Amber Reddig

After the Lady Lions had Thursday and Friday night home games, they made the long trek to Plentywood early Saturday morning. Including Lustre, there were six teams included in the tournament. This included North Country, Scobey, Mondak, Froid/Medicine Lake, and Plentywood. The girls started out play-

ing North Country, a team they hadn't played all season yet. The score was 25-19, with North Country taking the win. Next game was against Scobey, and the score was 25-12, with another loss. The girls came more alive for the third game against Mondak, and came closer to winning

with the score of 25-22. Next up was against Froid/Medicine Lake, with the score of 25-21, and last was against Plentywood with a score of 25-4. All of the games were losses, along with some ups and downs all throughout the day with how they played. The Lady Lions came in sixth

seed, and they ended up playing the third seed team for when the actual tournament play started. The third seed team happened to be North

# Welcome to LCHS!

## Growing in Numbers By: Megan Fast

When Lustre opened its doors on August 22, Shiarie Birdsbill was a new face to the high school. Shiarie attended Lustre Grade School last year, and was one of the two graduates. This year she is now a LCHS freshman. Also there have been more students added to her class. This year there are four freshmen, an increase from the two eighth graders last year.

Shiarie was born in Wolf Point, Montana, and has lived there all of her fourteen years.

Shiaire's favorite teacher is Mrs. Hilke-mann and it just so happens that science is her favorite subject.

Shiarie has one sibling, an older sister who also attends Lustre. Doven Birdsbill came to LCHS last year and is currently a Sophomore. Doven and Shiarie heard about Lustre through their uncle Jarret.

Shiarie's favorite season is summer. This summer Shiarie said she went to Utah and one of her favorite

things to do is traveling to cities.

Shiarie's favorite food is steak and pickles. She enjoys running and her favorite sport is track!

Shiarie says she has too many nicknames. When asked who she looks up to Shiaire's answer was people who are taller than her. Shiarie's birthday is just around the corner. If you happen to see her on Oct. 21, be sure to wish her a happy birthday!

## The Coming of "The Kenny Shema" By: Terry Allmer

As we all know we have a new student to this school. He is a dorm kid and he goes by Kenny. His full name is Kenny Shema. Kenny was born in Brussels, Belgium and he lived most of his life in Rwanda. In Rwanda, he loved to play soccer and video games. His favorite sport is soccer. He loves to watch his Chelsea Football club play

matches.

When asked about his role models he said his parents are his role models. He loves to look up to his Dad and Mom.

When asked what his favorite thing about Lustre is he said that he loves the people. He said they are so nice and caring. He loves how much different it is here than it was in Rwanda. His favorite peers are his fellow dorm students. He loves to hang around Phumate

and Caleb. His favorite class is chemistry and his favorite teacher is Mr. Leland. His favorite meal is lasagna.

He said that he'd like to play basketball and track is a maybe. His favorite memory is going to Disneyland in his childhood. His favorite book is Don Juan, which is French book. He also loves to listen to French rap most specifically Minuit 13.

Thanks for coming Kenny and welcome to the family!

## The Perfect Kindness By: Diego Froiland

On the 7th of October, Lustre Christian High was blessed with the presence of Pastor Coalt Robinson. After a short introduction by Pastor Frank letting us know that Robinson was the MB Harvest Festival speaker, Mr. Robinson opened with a short testimony about himself.

His main focus of his message was kindness. He started by saying that when he reads the Bible, he translates the text as a command, imperative,

or indicative. He expanded on what it meant by law. Basically, the Bible says to do something, and you will live. We have the ten commandments and many other guidelines that God gives us throughout the Bible that help guide us and God tells us to follow so that we may live, but we're humans. We don't have that ability to follow every one of those rules perfectly, in fact we absolutely obliterate them. He read aloud Eph. 4:17-32, and mainly used 25

-32, to make his point. The Bible calls us to be like Christ and to do like Christ did. Which means that God and his word calls us to act a certain way that glorifies Christ.

After telling us this he hit us with the reality that we have failed and we never will succeed. That does not matter though, because of Jesus's kindness. The only person who has ever fulfilled our calling to be kind to everybody perfectly died for us. That way when God looks upon us, He

doesn't see sin, but the blood of Christ. So, when you think about it, we have absolutely no reason not to be kind to everybody that we meet. Christ didn't have to die, but out of his kindness he took on every sin of every person on this earth so that salvation could be made possible. So, the next time you sit there thinking wrongly about a person, remember that Jesus could have thought wrongly about you, but instead he took on your every sin.

told us that she had been out fishing and her boat started to sink. When she eventually got to shore, she realized she could've thrown the anchor to avoid drifting. Katie then made the analogy that God is our anchor and guide. He will keep us

safe and going in the correct direction.

*(Tournament continued from page 2)*

Country. Ironically, both of the games happened to end with scores of 25-14. The Lady Lions lost out, and they were done for the day unfortunately. Even though there

weren't any wins made on Saturday for them, there was some good volleyball played at times. Tournaments are always a good way to find what a team can improve on and better themselves on. That's what the Lady Lions are hoping to do before their next games coming up!
