

# Lustre Christian High School

The

TUMBLEWEED

## Questions are Answered

By: Olivia Brown

On the 5<sup>th</sup> of March the students of LCHS assembled together for chapel. Instead of having just one chapel speaker, there was a Pastors Panel which consisted of Pastor Frank Lenihan, Pastor John Skillman, and Pastor Mike Andrews. The pastors answered some questions that the students had.

The first question was "What advice would you give someone who wants to read the Bible but

is unsure?" Some advice the pastors gave was to start with an easy to understand version of the Bible, do it with someone who is farther along than you, and they encouraged to do it in relationship so you can stay connected.

The next question was "What are some key spiritual things to remember as you leave Lustre?" Find a church right away and stay connected to the

body of Christ. The spiritual battle is real so you need to be wise in choosing your friends and influences.

Another question was "How do we look to God in times of fear?" First of all, the pastors pointed out that fear is not of God and that perfect love casts out fear. Some Scripture that relates to this subject is 2 Timothy 1:7, Philippians 4:6-7, and 1 John 4:18-19. Fear can give us an

opportunity to be courageous. The last question was "How do you share your testimony?" The answer is to first recognize that you DO have a testimony and that God is working in your life all the time. Take the time to write out your story and ask for help if you need it or are unsure.

Having questions does not mean you lack faith, so ask as many questions as you need.

## Schmeck On That!

By: Hannah Thomas

Schmeckfest is a most awaited time of March, when the entire community of Lustre and other neighboring communities come together for a German tasting festival filled with music and auctions and a huge bake sale, this has been done for the past 55 years.

Unfortunately, this year things will be handled a bit differently. I was able to gather some information from the planning committee about what will happen

this year due to COVID-19; this year won't be a traditional Schmeckfest, but hopefully next year it will be picked up once again.

The buying and selling of items will be switched to an online method which would be very exciting (It's almost like ordering food online.) this will be held by the auction and decorating committee. The bake sale and steering committee are checking the possibility of door-to-door delivery, food that

are to be sold can be prepared or frozen (this means you can have German food for a month).

The dates of events such as the bake sale and the auction will be posted on the LCHS website so you can keep checking for updates.

In the meantime, I hope everyone enjoys the time off.

**HAPPY SPRING!**

## "Saint" Patrick ???

By: Kyle Pederson

As winter draws to a close we can start looking forward to the warmer months in spring and summer, we can also start looking forward to our favorite spring holidays. One of the major holidays for some this time of year is St. Patrick's Day.

St. Patrick's Day is a celebration of the Patron Saint Patrick of Britain who travelled and ministered to the people

of Ireland from 432-461. During this time period he established many institutions for religion and learning.

The day has since been converted into a more secular version of Irish culture.

St. Patrick himself has a lot of different legends and interesting facts. He originally used the shamrock, or the four-leaf clover to explain the

concept of the Trinity. He is also allegedly to be the one that drove all of the snakes out of Ireland.

St. Patrick was never officially canonized by the pope which technically makes him an illegitimate saint.

Surprisingly, the original color associated with the holiday was blue. This was changed when it was converted into the Irish

holiday.

The first official celebration of the day was held in Boston in 1737. In 1962 the city of Chicago dyed its river green for a few hours in celebration. The day is also an official holiday in Ireland, with schools, banks, and businesses closed.

## LUSTRE SCHMECKFEST 2020

By: the Steering Committee

Friday, March 27, 2020 is virtual Schmeckfest day and we won't be talking about how many came but about "how many stayed home". We are very grateful for all the efforts given to it this far. We don't have the setup and cleanup to do at school however there is plenty that has and still will be done. With this letter we hope to begin some sort of conclusion to Schmeckfest 2020. The four main areas of this would be the Auction, the Decorations, the Food, and the individual Cash Donations each of which brings its own profit to LCHS. Here is the plan for each of these.

The Auction is being switched to an online auction with items

advertised and sold at a date to be announced. So, if you have items for this please continue to contact Jerry & Susan Fast. The number of items, usually limited, may increase due to the change in setting for the auction. Raffle tickets are still available.

The Decorations will be sold through the web as well, which Shelley Keller and Brooke Holzrichter will be announcing as well.

As to the Food, the steering committee has, through donations, set aside 150 meals to be served in Glasgow to those needing "Meals-on-

Wheels". This food is currently in the freezer waiting for the state of emergency to subside and the helpers in Glasgow able to serve it. These meals will be given without charge at the discretion of the servers. If you wish to be a sponsor of this gift, please specify your donation for the "meals on wheels".

Bake Sale will continue to gather food to conduct a sale with the balance of food donations which have been assigned for Serving as well as Bake Sale items. This does not include sauerkraut, Moos or soups unless by special request. A bake sale will be conducted first in Lustre, then to other

locations as needed. In the meantime, if you would like to place an order for items from the food line (verenika, gravy, cabbage rolls, zwiebach, perische, peppernuts, roast beef), please call 406-724-7150

As to the cash contributions, they are always welcome whether through Schmeckfest or direct to LCHS. Please remember the possibility of meals to be sponsored.

Stay tuned for dates and updates as this is a work in progress! Thank you.

## Showing God's Love in the Medical Field

By: Amber Reddig

To start off our Spiritual Emphasis at LCHS on March 9<sup>th</sup>, we had the pleasure of listening to Denae Koffman. She is from Glasgow, but she has done medical work in Israel. She began by telling us her story and how she ended up all the way in Israel. She said Israel was always at the top of her list, and she had a strong desire to go. After she lost a lady dear to her and who she had taken care of, Denae needed something to pick herself up. God then showed her she should go, so she began looking into this idea of going to Israel more. Once she got past doors closing, a door opened, finally! She found the opportunity and place God had planned for her.

The place was called Shevet. Shevet is a non-profit organization that brings children in from the Middle East. Most of these children have heart problems. Many of the families who come to seek medical help are Muslim. Israeli doctors donate a lot of their time, and these children can get medical help for so much less of a cost. Denae was with the patients / children the whole time basically, until it's time for them to go home. To give us more of an idea of what Shevet is like, she told us what a typical day is like. They start off with worship and devotions. They try to give you jobs that you'll enjoy ... you go through what your strengths are, and they try to match you with a

job accordingly. They all work together for God. You're assigned a rotating shift. For family care there is a wide age range. There is a nursing staff, which Denae got to be a part of. There are also other jobs like cleaning, laundry, and cooking. Some highlights of her time there were the Jerusalem March, which is a parade of all nations, and her "mountaintop moment" was the Mount of Olives. She talked about the houses of prayer along the way, and how she prayed with people from so many different countries. She said they could've prayed forever. She told us about some of her patients they had, and the love she has for them. Some of the surgeries go well and the kids are healed,

but some don't end up how they hope they would... with surgeries there is always a risk, and sometimes the child's situation is something different than what they thought it was, or even worse. It was inspiring to hear how she's helped these children, and the connections she made to their families and how she still keeps in touch with some. This organization is a way for people to see God's love, and it's amazing how God has a overall plan for everyone /everything. She said that Shevet is God ordained, and He is there with them making the appointments and schedules work. In summary, a quote from Denae was, **"God is always good."**

## Know You're Going to Heaven

By: Lily Short

On Tuesday, March 10, Diane Andrews, from Wolf Point, came to our school for a part of our spiritual emphasis week. She expressed that God has a wonderful plan for us, and an amazing story. Her topic was Psalm 23, and how it can relate to us and change our world. She started off by asking us a few questions like "who is the Lord to you?" Students answered that the Lord is a friend, their Savior, their inspiration, their comforter, and their protector. She also asked us the tough question, "how is your soul?" She then

moved into the Psalm, starting at verse 1. The Lord is our Shepherd and we should be faithful lambs. Mrs. Andrews told us that we need to listen for God's voice, and be with Him. It takes discipline to be good lambs, and we must know the call God has for us. We can't take anything to the grave so we shall not want and we should cling to Jesus. She told us that God is passionate for our heart and soul. We should know what we are passionate for so that God can use our gifts and passions to

show His through us. Diane came again the next day to discuss the last 3 verses of Psalm 23. She told us to find a quiet place that restores our souls. She told us to listen for His call and know His voice. Trust in God and do not be afraid because He is with us and he guides us. She emphasized the fact that we walk through the dark valley, but we must get out of it. She said that we don't have to run, but the bible says to walk. Trust in the Lord and do not be afraid because He is with us and He guides

us. She emphasized the fact that God prepared a feast in the presence of our enemies. God's goodness and love pursues us. Diane told us that our Bible is our "guidebook" and our faith is our "ticket". Jesus isn't a religion, but He is a relationship. He saves us, and then our religion forms us. She closed with this quote that I thought was very powerful, especially in this crazy time we're in. Know you are going to heaven.

## Math Contest By: Diego Froiland

On Tuesday March 3<sup>rd</sup>, the some of the students of Lustre Christian High School and Lustre Grade School boarded the bus and headed to the infamous event called "Math Contest." The hour long drive to Glasgow High School was one of the most suspense filled moments that the students had ever felt. Not really, but it was a pretty bumpy ride until we hit Highway 438. The Junior and Senior high school students were still feeling the weight of their grades from their recently submitted worldview papers.

For those who do not know what I am talking about let's give a simple and brief summary of Math Contest.

Math Contest is an event that is set up for students that excel in mathematics. At the event, the students take a series of tests after being split up by grade, into groups in different rooms of the hosting high school.

There were two basic tests based on your grade level of math and then there was a test called the Scholarship Test. For each grade level the Scholarship Test awards the top scoring male and female with a \$500 scholarship. After that the student's then get in groups together based off of their school for example all the students of Lustre High School were

grouped together in one room and there were two other groups in the room, one from Poplar and one from Glasgow.

For LCHS, the lucky, brave, academic students were as follows; Olivia Brown, Lily Short, Diego Froiland, Joshua Brown, Ashley O'Hara, and Kaleb Hoversland.

For the LGS middle schoolers, the participants were as follows; Brayde Reddig, Cayden Klatt, Clay Reddig, Vincent Keller, Aubrey Holzrichter, and Grace Brown.

The chaperons were Mrs. Meredith Reddig, Ms. Sherrie Mizell.

The tests were something to behold! Some of the teachers went over the math test themselves to see how well they would do and some of the questions baffled them also. So, you now know how difficult these test really can be. It is not for the faint of heart.

After all brains in the building were stretched, pulled and overall mutilated, the Lustre crew all headed over to Eugene's Pizza for some fantastic pizza. All the pizza was eaten, not a single crumb to spare and afterwards with tummies full and the fitful tests behind us we boarded the bus and headed home.
