

Lustre Christian High School

THE TUMBLEWEED

Baseball, Silence and Burger By: Josh Brown

On Tuesday, September 25th, the LCHS students and staff went to Kiwanis Park for a chapel service, some burgers, and some baseball. When the bus got there everyone got out and sat on the benches.

Mr. Butler and Mr. Marasco led the school in worship, and then Pastor Seth Runner led the chapel service. He said he always likes

to start off with a game when he comes to Lus-

tre, so this time we played psychiatrist. Someone would come in and had to guess what was wrong with everybody by asking questions. If you were asked, you had to answer for the person on the right of you. This fit in with this year's school verse well. It is Psalm 46:10, "Be still and know that I am God." Pastor Runner used this to show how you have to know the person beside you to know questions like, "What is your middle name?" but how can you know God? And before you can listen for God

speaking to you in the stillness, you have to first believe that He is real and exists. That leads into his second session of being still and listening to God. In 1st Kings 19: 11-13, Elijah ran for his life and then God came to confront him. There is hard wind that blows boulders around, and an earthquake, and fire, and then God spoke in a whisper. How do you here God speaking in a whisper if you aren't still and listening for him.

After the chapel

were done, there were amazing hot-dogs, and burgers. Then everyone headed to the baseball field for a game of ball before heading home.

The day was lots of fun, and went well, except that water was forgotten.

Lions Roll By: Ashley O'Hara

the team with a total of 3 blocks and got her hands on a good number of hits. Tiara led the team with a total of 3 aces.

player returned and the team continued with the six. The Wildcats were hot this game and kept the Lady Lions tried to keep up the best they could. The team did a good job of adjusting. Tiara saw the hole and tipped and pushed it there a few times. Also, Ashley saw the holes and tried serving to the open spots, which lead to more kills and aces. There was good communication and

teamwork during this game as well. Passes improved and the girls continued to hold their heads high.

This week's volleyball schedule is: 9/15 - Glasgow JV (H) which is Senior Night, 9/17 - Fairview (H) and 9/19 - Rich-ey/ Lambert (A).

On September 1st the Lady Lions played their first game against the MonDak Thunder. Although the Lions lost, each game there was a major improvement. The first set was 5-25, second 13-25, and last 13-25. The Lady Lions had a total of 4 kills, 7 blocks, and 4 aces. The girls worked hard in the last set especially. Grace led

The Lions had another game on September 5, facing the Plentywood Wildcats. The Lions fought a good fight, but lost in three sets; 5-25, 8-25, 8-25. At one point in the game, the Lions only had 5 players. Soon the injured

The Lady Lions plan on seeing you there, so be sure to bring your Lion spirit!

Cronking out the First Chapel of the Year

By: Tiara Whitmus

Mr. Dan Marasco and the worship team kicked off the first chapel of the year with 3 worship songs. Mr. Bob Burkhart then opened with a prayer stating that if we listen close God will speak through all of us. He then invited Mr. Mike Cronk up to talk to all the staff and students.

Mr. Cronk started off his testimony stating that they traveled to meet with Cambodian refugees. The associated pastor there told him "You need to stay away from these five people!! and he named them." Mr. Cronk proceeded to tell us how the people he mentioned were good

people and it was very thought provoking. He made the statement that it is important to live our lives first hand and scorn those people living through someone else (second hand). Mr. Cronk then stated he is very far from being where he wants to be but he is very thankful for God's grace because no one is perfect.

Every time he is asked to do chapel, he thinks of two groups; the dorm students and the day students. The dorm students every day and the day students only hear about how he is from the dorm students. He said there is always

conflict that happens in the dorm or school which is either 100% true or a blend of true and false. He said everyone see's things from a different perspective and he is very thankful for the dorm committee for making his life a lot easier.

He also asked us what we think of when we think of what law means? Most of the time we think of the negative, but what we fail as Christians to think about is God's law in our hearts and our desperate need for forgiveness. He referenced Psalm 1:19 and Matthew 1:8 because these are the principles we need to apply to our lives. That is

why if we have a conflict we need to go to that person, it is the biblical way to talk to them politely and professionally.

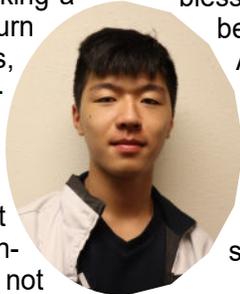

He wrapped up his chapel with a quote by Aleksandr Solzhenitsyn "Men had forgotten God; that is why all this has happened."

Welcome to LCHS!

Return of the Chens By: Braeden Toavs

As the LCHS students begin to settle in, we take time to recognize our new additions to the student body. Making a triumphant return against the odds, LCHS sophomore, Alex Chen has returned ready and willing to make the most of his time in Montana. This is not Alex's first time in the states, however, Alex and his brother Bryan came for a two week visit last year to evaluate whether or not the school was for them. Just as they arrived,

the COVID-19 travel restrictions prolonged Alex and Bryan's stay to almost a month. This was a blessing in disguise, because it gave Alex and Bryan more time to make new friends, watch basketball games, and grow stronger in Christ. After a short interview with Alex he gave a list of his aspirations for now and in the future; he also gave me an account of his favorite hobbies and down time activities. When asked

about his first impressions of Lustre his exact words were, "small, very country." Lustre may be a small school, but that won't stop Alex from accomplishing his goals. Alex looks forward to leaning English, Biology, Geometry, and enjoying P.E. Alex's favorite food is fruit, his favorite colors are black, white, and grey. In his spare time, Alex loves to spend time exercising, drawing, texting with friends, and partaking in the upcoming winter sports season. Alex wants to study to be a doctor after high school, he plans

to acquire every credit he can to accomplish this goal. Alex has a strong relationship with his fellow dorm students, dorm parents, community members, and most importantly, Christ.

Alex's favorite verse is Philippians 4:13. Alex looks forward to all opportunities he can find, and the school looks forward to see what Alex has to contribute to the community; whatever may come Christ will guide his steps

Welcome back Alex!

Getting to Know Bryan By: Kenny Shema

This year, Lustre Christian High school was blessed with the arrival of Bryan, and his twin brother Alex Chen, this two boys were here with us earlier this year for 5 weeks as they visited the school and the dorm they would later join.

In an attempt to know them better, I asked Bryan some questions that would help knowing him a little bit more, and I found out a lot about him that I didn't know. One of the first questions I asked was; Why LCHS? Bryan

told me, that it is mainly due to the location, which helps him focus more on school, and the nature of the school, being a Christian school which offered such a good price turned this place into a perfect destination. He also told me that his favorite sports were basketball and volleyball, with basketball being his favorite between the two.

His favorite subjects at school are Art and P.E because he considers them less stressful and relaxing sometimes.

One of the interesting facts I found about Bryan is that he doesn't have a favorite teacher because he consider himself as too new to have an opinion on that. His dream job later in life is to become a heart surgeon, because it is interesting and sounds very professional; he also said he is following his sister's footsteps that inspired him to get into medical studies too.

I ended my inter-

view with him by asking him what he expected this school year. He said that he is hoping to improve his English skills in both writing and speaking; he also hopes to know everyone in the community better and wishes for the sports season to go on uninterrupted especially for basketball. In talking with Bryan, I learnt a lot about him, his aspirations, his time being here, and in doing so, I hope you will also learn about him.

Re: LCHS Fall Sporting Events

Due to the existing COVID-19 pandemic, attendance to LCHS athletic events has changed dramatically. Each school will have a designated seating area separate from the other school for each sporting event.

To be eligible to attend an event, you must be designated by an authorized school official to do so.

Each player from both schools may choose two (2) people to attend on their behalf. This to stay within the guidelines of our state mandates.

All fans, players, coaches and others will be temperature checked and have a mask to enter the LCHS facility. Masks can be a disposable or fabric mask, handkerchief, gator or face shield.

All fans who aren't selected to attend our sporting events in person, can take advantage of the live coverage on the NFHS telecast. Info on how to watch will be on the LCHS Facebook page.

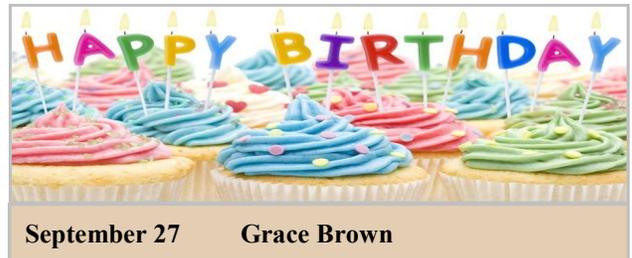

These parameters are subject to change at anytime. *Ron Reddig*
