

Lustre Christian High School

THE TUMBLEWEED

Students "BREAK" - Out !!! By: Tiara Whitmus

Over MEA Weekend the students of LCHS did many cool things. It was also dorm weekend out; where the dorm kids go to different people's homes in the community.

The seven Freshman seemed to have a fun weekend. Sarah Dahl achieved her goal of getting her homework done while being in quarantine over this break. Aubri Holzrichter went to Billings and shopped around. Alexa Reddig went to the beach in FL with her family. Courtney Teichroew did nothing, he said. because of the

snow. Cayden Klatt stated he "just chilled and was a lazy bum with my boy Gabe." Gabe Sapp informed me that he just hung around and played 2K with his boy Cayden.

The Sophomores of Lustre had a little bit of a more outgoing and productive break. Alexander Chen said he "watched TV, did my homework, looked at my phone, slept, got a haircut and played ping pong." Elijah Lenihan made a couple of YouTube videos and got a new haircut. Bryan Chen went to Glasgow where he also got a hair-

cut and played with Nancy and Justin Schiller. Jasiah Hambria went to Clay Reddig's house where he played with their dog, watched a lot of TV and got tons of beauty rest. Braden Ewing said "he chilled with Jasiah and Clay played PS4 and watched a bunch of horrors." Gabriel Alves worked, watched football and chilled in the hot tub. Shiarie Birdsbill went to Billings and slept a lot. Benita went to Williston, ND with her brother. Bridget did not want to discuss her activities over the break.

The Junior class did some traveling except for Sean Uy who chilled at home and tested negative for Covid-19. Kaleb & Kolden Hoversland went to Scobey and hung out with friends. Doven Birdsbill went to Billings and tried to stay away from Covid, she stated. Arun Ramnarace went to the Marasco's where he earned money and had a great time.

The Seniors had a bit of a more relaxed weekend. Braeden

Basketball Deferred due to Coronavirus By: Josh Brown

We have all been affected by the Corona virus. We have had volleyball and football games moved and cancelled. We have had to wear masks most everywhere we go and follow social distancing rules. We have all been waiting for it to be over so that we can get back to normal.

On Tuesday, October 13, MHSA voted to postpone the winter sports. This will also affect our basketball season. They are doing this to try to have some extra

time between sports to let the spread of the virus calm down.

Practice was supposed to start on November 19 with games the first week of December, but Montana-sports.com says that it will not be starting till December 7, with the first games in January. These dates may change when they have their November meeting.

According to Mark Breckman when he was asked by Montana sports about it, he said that it will also push tournament time later, but it will not affect the beginning of Spring sports.

When I asked Tiara Whitmus, a starting Senior for the girls team she said, "I think it will allow kids to have more practice, but I am really

disappointed over it, because the farther it is pushed back, the more opportunity we have to play may be lost."

This will be quite a change, but remember that you can support the volleyball girls, and the basketball teams during the basketball season.

Chapel and the Neill's By: Kenny Shema

Monday, October 5, was a Chapel Day at Lustre Christian High School. The chapel speakers that day were Spencer and Diane Neil, two missionaries who served in Asia, in countries like China and Tajikistan, in mostly Muslim communities.

Spencer and Diane were also the speakers at the MB Church Harvest Festival where they shared with the church the missions they have been to and their experiences.

After the worship team led by Mr. Marasco got done with the three songs they had for chapel, Mrs. Neil talked to us

about our verse of the year "Be still and know that I am God" in Psalm 46:10, she talked about what this meant for her, that this was her "go-to" verse when the Chinese government was denying them permission to go back and spread the gospel to the Uighur people in north western China. She also told us that it was one of her favorite verses growing up and that her mother would hold her accountable using that verse.

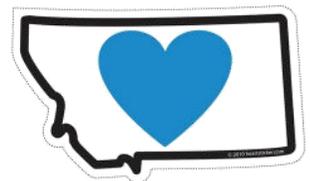

Mr. Spencer Neil on the other, told us how his missions were and described them to use, he told us about the challenges he went

through and what it meant for him. He also told us about the calling in missions, about how God can ask you and guide you to a missionary path, regardless of the place, time, age and even what you were doing before that, he told us that when the moment come, God can put you in places around the world to spread his gospel like he did.

Spencer and Diane Neil taught us what it means to be a Christian and also a missionary, a very insightful view and explanatory one too.

(BREAK continued from page 1)

Toavs did homework. Josh Brown went to Billings and hung out with family. Ashley O'Hara also went to Billings and visited Amber. Kenny Shema stated that he had a break! Tiara Whitmus worked with her cattle, did her homework, tested negative for Corona, and slept.

It was snowing and looked a little white, but everyone seemed to enjoy the break and hope you did too.

Welcome to LCHS!

Traveling Man

By: Braeden Toavs

LCHS continues to flourish with the arrival of new students, but with all these new students, we need to take time to recognize our new additions.

Arun Ramnarace, came to Lustre all the way from India. Being in Lustre for little more than two weeks now, Arun's response to Lustre was rather typical of most new arrivals; when asked, Arun said his first thoughts were, "Where am I? Why am I here?" Going from larger schools with more students, straight to Lustre was quite a shock for Arun. A surprise to be sure but

Arun doesn't doubt in Lustre's ability to fulfill his thirst for education.

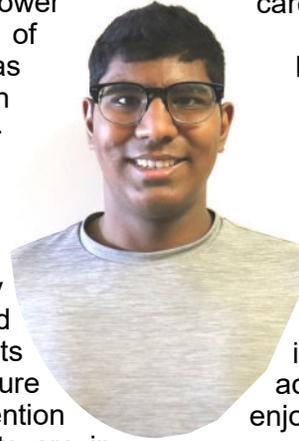

Arun looks forward to studying the Bible and learning more about the power and wisdom of God. God has blessed Arun with many talents and intelligence, and he plans on using his talents to study aviation and gain his pilots license. Be sure to pay attention who your pilots are in the future because he may be flying your plane. Arun plans to en-

list in the United States Air Force after high school and fly fighter jets; there he will earn his wings and gain experience for a future career.

Sure he has big plans for the future, but Arun does not miss a moment to enjoy his moments of free time and indulge himself in his favorite activities. Arun enjoys listening to rap and Christian music, hanging out with his fellow dorm mates, reading lots of books,

and staying fit in the gym. He hopes that his time here will be well spent and he can be able to make many contributions to the school and community; his exact words were, "I want to be able to help out in any way I can, if anyone ever needs any help, I'll be there." There is no doubt that Arun will have a great impact on Lustre as the year progresses. He also plans to play some basketball for the lions when the season rolls up. We look forward to seeing what he has to contribute in the community!

Welcome Arun!

Jamal or Jasiah?

By: Ashley O'Hara

Jasiah Hambria is a new Sophomore here at LCHS. Jasiah is originally from Kirkland, Washington. Once Jasiah arrived here, there was some controversy about his name. Jasiah prefers to be called Jamal but his name is Jasiah. With that being said, lets dive in and learn some information about Jamal!

When asking Jamal what his first impressions of the school were, he responded very positively. He stated, "I thought this was a

crazy small space and that I was going to try to do well here. Along with taking advantage of the small class room sizes." We hope Jamal does well this school year and creates new friendships that will last forever. I also asked him, "what are you looking forward to this year?" "I can't wait for basketball season

and I can't wait to excel in track too." Jamal responded. This year the basketball season is still up in the air, along with any other sports. So, please keep this in your prayers for the LCHS athletes.

Some other information about Jasiah is: His favorite Bible verse is Ecclesiastes 3:1 "To everything there is a season and time to every purpose under the

Heaven," his favorite color is pink, and he loves to eat lamb and rice. One interesting fact about Jamal is that, he plans to work in the business field because he feels that he has the characteristics to make a great business man!

Jamal, we are so grateful that you are here at Lustre! If anyone see's Jamal say hello, and be sure to ask him some questions to get to know him better.
