

Lustre Christian High School

the tumbleweed

God is _____ By: Josh Brown

What are some different attributes of God? That is the question that Pastor Frank of the Lustre MB Church asked the LCHS students to answer at the Thursday chapel on 1/7/21. The school verse for the year is Psalm 46:10, so naturally Pastor Frank spoke on Psalms chapter 46. At the beginning it says according to alamothe. There are several different definitions for this word; a high note, a soprano, or to be sung by Israeli women. The sons of Ko-

rah wrote this to be sung by the Israeli virgins. Pastor Frank pointed out that this song was to be sung by some the most vulnerable in Israel. The song was written to remind the people that God was their refuge, strength, and their present help in trouble. Each time they would go out to war, they would have the women sing this song, to remind them of this. This chapter also calls us from the times of trouble, such as war, to be still and know

that he is God, and he can take care of it. We also need to know, it continues, to know that God will be exalted among the nations and He will be exalted in all the earth. I think that the whole verse is good for us to remember, especially in this troubling time for our nation. God is in control, He will win, and He will be exalted among all the nations. Remember -- you can join us during chapel, starting at 1:16 p.m. every Thursday!

Two Chapels for the Price of One By: Braeden Toavs

On January 14th, 2021, LCHS was fortunate to hear two more chapels from our very own seniors, Kenny Shema and Joshua Brown.

Kenny Shema, brought the opening half of the session with a message about his recent analysis of the passage of Ephesians 6:10-18. In this passage, the apostle Paul wrote about the armor that God provides us

to protect us from the snares of the devil. Shema wanted to directly and firmly emphasize the importance that we understand that we will face hard times in this world as Christians, but God has given us the proper tools and weapons to defend ourselves and our fellow believers with the armor of God. Among

Lady Lion's Making a Statement in 2021

By: Ashley O'Hara

The last two weeks the Lady Lions have played games against the Bainville Bulldogs, Frazer Bear Cubs, Scobey Spartans, North Country Mavericks and the Dodson Coyotes.

Each game the Lady Lions put up a fight and definitely did not let the opposing team claim the easy win.

During the first game of the season, Lustre vs Bainville the leading scorers were: Alexa Reddig (15), Aubri Holzrichter (14), and Grace Brown with 11 points, (47-41). The Lions made sure to put up

a fight and work their way up to get the win.

The following game took place on Saturday at the Bear Cubs court. The game was 48-0 the first two quarters and after the final buzzer went off, the final score was 13-58 the Lady Lions.

After claiming two big wins, the Lions were excited and ready for another one against the Scobey Spartans. The girls came out hungry and put their heart on the floor. After a tough fight and ups and downs in the score, the Scobey Spartans claimed the

victory by 14 points, (48-34).

After taking a loss, the Lady Lion's prepared to take on the Lady Mavericks all the way in Whitewater. This was a hard game for the Lady Lions, but the Lions fought hard and never gave up. The top scorer for this game was Tiara Whitmus (9) and Alexa Reddig (4), (60-13).

The last game the Lady Lions played was against the Dodson Coyotes on Senior Night at the Lion's Den. This game was for sure a nail biter. You for sure were on the edge of your seat

the whole game. The Lady Lion's scorers were, Alexa Reddig with 22 points, Tiara Whitmus with 21 rebounds, and Ashley O'Hara with 3 points. Grace Brown and Aubri Holzrichter shared the rest of the points.

After playing these 5 games, the Lady Lions are confident that they can take on every team if they put in the effort and lay it all out on the floor.

The dates for the next games can be found on the school's website.

Hard Fought Battles

By: Kenny Shema

Last week, the Lustre Lions basketball team, kicked off a long waited season. It was a tough week for the team, as they had few practices after Christmas break to get back on the same page and figure out plays, they also had to do with 5 games in a period of 8 days, which was also tough on the players.

The season kicked off with the Lustre Lions facing Bainville Bulldogs, the game was of a high intensity but the Lions managed to pull a win of 60-48.

The next game was against Frazer Bear Cubs, the Lions fought well and had a good advantage by the end of the first half, the final score of this game was, 67-21.

The following week promised to be tough, as the team had to face the 3 best ranked teams in the district. The first game was against Scobey, a fast-paced game with a lot of promises, the final game was 68-32 for Scobey, with 16 points from Kolden Hoversland, 8 points from Elijah Lenihan, 5

from Cayden Klatt, 3 from Josh Brown, and 2 from Braeden Toavs.

Lustre Lions went on to play North Country after a long drive to Whitewater, the game was close, but Lustre lost to the Mavericks, 44-30.

The last game that week was against Dodson, a fast game, which was close and exciting, Lustre fought well but lost 56-49, with 28 points from Kolden Hoversland, 10 points from Kaleb Hoversland, 5 from Cayden Klatt, 4 from Elijah Lenihan, and 2 from

Jasiah Hambira.

This week showed a lot of potential from our lions, even though the team had few practices together and had to bear with a tight schedule with few days between teams. The rest of the season promises to be interesting.

Basketball with Constant Changes

By: Ashley O'Hara

The last game that the Lions played was against the Culbertson Cowboys and Cowgirls. The game started as a close game, but with Culbertson's quick back doors the Lady Lions had a difficult time keeping up. At half-time, the Lady Lions fought their way back to only be behind by six points. At then end of the game, the Culbertson Cowgirls claimed the win with the final score of 64-38. The lead scorers of this game were: Tiara Whitmus with 21 points, Aubri Holzrichter with 14, and Alexa Red-

dig with 7. This was the last game the Lions got to play in for two weeks.

After playing Dodson, we were contacted with Covid-19. To take the right precautions and to make sure our athletes can get back to playing, we made sure to quarantine for two weeks. Most if not all students at the school came down with COVID or a harsh cold. During this time no practices were in places and the dorm students were separated with the day students to prevent spreading Covid even

more.

After two weeks of quarantine, the students; both day and dorm, can finally come back to school and get ready for their games this week. The Lion's first game back is this Tuesday, February 2, 2021 at LCHS. The JV game starts at 4:30pm and the girls and boy's games are to follow

after. We hope everyone is staying healthy and healing up! If you are feeling up to it, please come to the Lion's Den to support your Lions.

(2 for 1 continued from page 1)

these are the belt of Truth, the Breastplate of Righteousness, feet fitted with the Gospel of Peace, the Shield of Faith, the helmet of Salvation, and the sword of the Spirit.

For the second segment of the chapel, Josh Brown took the podium and delivered a timeless message, out of the book of Revelation, that everyone needs to hear. Mr. Brown spoke on the topic of Heaven and our undeserved salvation. Josh painted a beautiful picture of

golden streets, sweet angel choirs, and God's amazing glory and light that illuminates the unending kingdom. Brown didn't only speak on the wonders of Heaven, but also the things that we

will be able to do there; how we will be appointed to oversee the maintenance of the animals and the soil just as Adam and Eve did in Eden.

For his last point, Josh mentioned the one and only way to be saved is through accepting Christ as your personal Savior. He then warned the audience that if we fail to repent, it is a one-way ticket to hell, where pain and suffering never end, but it doesn't have to be that way for God loved us so much that He sent His Son to save us from the death we deserve.

In conclusion Josh said that he hopes and prays that he will see everyone in Heaven one-day spending eternity worshipping and glorifying God. It is truly a blessing to have such Christ-loving seniors leading the student body of LCHS and encouraging younger students to embrace the gift of God's love and training them to lead future students as well.

With only a couple Senior chapels left, the LCHS community is eager to hear the messages that God has put into the hearts of those few remaining Seniors.

Welcome to LCHS!

Lustre Christian High School welcomes Aya Al-Zokari Dixon born on February 14th, 2004 in New York. She lived in New York until she was 14 then, moved and went to school in Belize for 2 years. She loved Belize because of the tropical weather where she could swim in the ocean and the people there were nice, where as New York

Who's the Dixon Chick?

By: Tiara Whitmus

everyone ignores you. Aya left Belize last Christmas after her aunt died.

She has 3 siblings Kareena known as Hope that is 18, and two younger brothers Jalen (15) and Nemari (11). Her whole family are doctors and nurses. Her uncle is a musician that plays the saxophone and Aya plays the Cello and Piano.

Her mother is a retired teacher, so education is a high value to Aya and her family. Aya stated that she wants to pursue a career as a Forensics Pathologist.

She loves to travel and has been to many different states.

Her favorite color is a type of blue called Azure. When being asked what her favorite class and why? Aya responded "Chemistry because I have never studied it before and it is interesting."

She was asked about her favorite quote is by Andrena Sawyer that states "Whether it is invited or not, change is inevitable." Aya stated it was a big adjustment moving to Lustre in the middle of the school year because you are jumping

into the middle of the class not knowing much. Luckily though the teachers have been gracious when doing the past work.

She finds reading books or watching funny movies entertaining. She loves reading science fiction, romance or fairy tales, and likes to write musical lyrics about life struggles or wishes and having a family. Her favorite sport is volleyball.

Everyone welcome Aya and make sure to say hi if you see her!

Michigan Man

By: Braeden Toavs

Once again, LCHS has gained another new student from Michigan! Austin Fisher has traveled all the way out to Lustre, Montana to be a fresh, new addition in the LCHS Junior class, and in the community.

If you've read the Tumbleweed enough, you'll remember in is our pleasure to interview the newest addendums to the high school and introduce them to our community members and all readers.

Mr. Fisher was kind enough to allow the

Tumbleweed to have a peak into his story! After a speedy interview, Austin told us some of his favorite hobbies, future plans, and first impressions of Lustre.

When asked of his first impressions, he said, "the people were nice and welcoming." Definitely change of scenery, but he has been making the most of it; Austin enjoys dirt biking, playing football, and working on construction projects. He enjoys construction so much, he even plans to pursue it as a career in the near

future! School wise, Austin says his favorite classes are P.E. and Bible class. Austin enjoys reading the Bible and when asked what his favorite Bible verse is, he said he had to many to count.

In the conclusion of the interview, the TW asked Austin if he had any advice for current and future students, his exact words were, "be welcoming and don't be shy. Everything gets better when you make friends."

It is always refreshing to welcome a student who comes in

with and open heart and an inclination to learn and be social. We look forward to the rest of the school year with Austin and to see what aspirations he has for improving himself and those around him! Great to have ya Austin!

Welcome to LCHS!

Meeting Aubri By: Kenny Shema

This year, LCHS saw the arrival of a new student, Aubri Holzrichter, she is among the 5 freshmen girls the school has this year.

I had the opportunity to ask her some questions. My first question was, what are her

first impressions of high school, she then stated that "Everyone was really welcoming and helpful" she also stated how kind everyone was. I carried on and asked her what she looked forward at learning at school, she said "I would like to learn more about Revelations." This naturally made me ask and she confirmed that her favorite subjects were Bible and Algebra.

I went a little off topic and asked her what her favorite food was, and she told me that it is waffles, she

also told me that her favorite color is blue. I went on and asked her favorite songs and artists, and she said that there is too many of those to just name one. From there, I asked her hobbies and what she does in her spare time, she told me that she likes reading.

As we went on, I asked her what she would like to become later in life, and she said that she would like to be something that helps people out in their everyday life, which I found to be really noble. She

also told me that her favorite Bible verse is Philippians 4:13 as I asked her if she had any favorite quote or life verse. I also asked her if she had any best friends, she told me that it was Alexa and Grace.

And finally, her goals for this year is to go through her year without failing. We hope that she will get her goals straight and that she will go through her first year of high school easily!

LCHS Welcomes Rebekah By: Brooke Byers

Lustre Christian High School welcomes Rebekah Isabella Gonzalez-Jossart! Rebekah was born on July 29, 2004. She has one sister, Cerina (20), and comes all the way from Milwaukee Wisconsin, where she lived with her Mom. When I asked her what made her come to LCHS she said "It was a great opportunity to grow with God and to learn more about myself."

Some positives she has about LCHS would be that she feels Lustre is very isolated so there aren't many distractions and she likes

the community. Her only negative about coming is that she also feels like it's a little too isolated because of the few people, and no malls which she had back home.

When asking what her biggest challenge coming to Lustre was, she said it was difficult trying to adjust to the small community lifestyle. As hard as it adjusting from her larger populated home, she said she has learned that the smaller communities are all really friendly and kind and actually enjoys the peacefulness.

Rebekah's favorite class so far is Bible because she feels she gets to learn more about what God brought us here to do and is learning how she can grow closer to him.

When I asked her what she aspired to be as she got older, she said "I aspire to be a person that isn't attached to worldly things and to fulfill my purpose of why God called me here."

Some things that interest Rebekah are cooking, ice skating and sketching/drawing. She especially LOVES cooking and wants to open

her own restaurant and become a chef when she gets older. Some sports she enjoys are soccer, track, and cross country, and for entertainment she loves to watch videos on TikTok.

She has said she feels it hasn't been the biggest adjustment moving to Lustre and the community has been very accepting and loves how kind everyone has been so far. So, if you see Rebekah make sure to say hello!

Welcome to LCHS!

Have NO Fear **BROOKE** Is Here!

By: Tiara Whitmus

Lustre Christian High School welcomes Brooke Anne-Marie Byers! Brooke was born on June 6, 2003 and is staying with her Aunt Ashleigh Byers. Brooke grew up in Michigan with her mom, dad, and two brothers (Jeremiah 21 and Levi 19). She attended a Calvary Christian Church and her dad is one of the pastors within the church. She came to Lustre because her family felt it would give her better educational opportunities and to have a new start. She stated that it has been a big adjustment moving to

Lustre especially since, she grew up at her old school at Rochester Hills Christian School and do not get to see her old friends every day. When talking to Brooke she stated some of her positives "as it seems like a great school, and everyone seems to get along". Her only negative about coming to Lustre is that it was not her choice, but is making the best of it while she attends Lustre. Overall, because of her home life she had to leave so, she is trying to be positive about it. As I asked her about her biggest challenge coming to attend Lustre High

School. Her response included "Having to leave home and trying to make new friends". Brooke's favorite class is Bible because it is very easy for her and her favorite color is red. She aspires to get a business degree and become a cosmetologist. She is interested in art activities and sports, especially soccer. She finds watching and playing sports entertaining as well as participating in arts. Her favorite Bible verse is Jeremiah 29:11 "For I know the plans I have for you, declares the Lord, plans to prosper you and not to harm you, plans to

give you hope and a future." This verse has given Brooke hope and knowing that God has everything handled. The Lustre Christian High School welcomes Brooke with open arms and if you see her make sure to say hello! May God bless her and her

Recently we welcomed another student to the Freshman class here at Lustre Christian High School. His name is Xavier Melton and he

A new face from the Golden State

By: Josh Brown

is from Whitfield, California where he has lived for the past ten years.

He said that his first impression of Lustre was that it is small, peaceful, and filled with amazing people.

He said that his favorite thing about the school is the challenge, and his favorite teacher is Mr. Marasco. His favorite food is grilled cheese and tomato soup, and his favorite color is blue.

When I asked him what his favorite sport was, he answered "Football, because it is a very contact sport. He also plays quite a few different sports; Football, Soccer, and Basketball.

His favorite verse is Revelations 22:20 "He who testifies to these things says, *"Surely I am coming soon."* Amen. Come, Lord Jesus!" (ESV) Something that he said

he has already learned while he has been here is that what you do impacts you and those around you. So, you have to think about everything you do, think, and speak.

Other interesting things about Xavier are that he likes to write music, sing, and draw and paint. So if you see Xavier walking around, feel free to welcome him to Lustre. It is nice to meet you!

Chapel with Mr. Burkhart By: Kenny Shema

The week of the 1/21 chapel was a weird one. School was cancelled that week due to most of the student body being exposed to the Corona virus through games they had with Dodson. Nonetheless, school was still going on via zoom for day students, and in-person school for dorm students, and other day students that wanted to.

That week, Tiara

Whitmus was supposed to present her Senior chapel, but the circumstances changed, and Mr. Burkhart took over, due to the quarantine that was going on.

Mr. Burkhart talked to a small group of students composed mostly of the dorm and Zoom students. Mr. Burkhart talked about our daily struggles, as students and teenagers, he talked on how the

school is a perfect place for us to change and be better Christians. Everyone present also shared something that changed in them since attending Lustre Christian High School. Those who shared proved how the atmosphere at the school, and the community built them up positively and is helping them become better Christians; as well as also helping them become better people.
