## Wisdom Against the World

By Kaleb Hoversland

On October 11, Gary Krehbiel spoke at Lustre Christian High School for chapel. Mr. Krehbiel comes from Omaha, Nebraska. He spoke on the topic of focusing on what God wants instead of the world. He used Matthew 22: 15-40 to emphasize this. In these verses, the Pharisees are laying plans to trap Jesus. Their first attempt is to make Jesus slip up by asking him the impossible question of whether or not it is right to pay the imperial tax to Caesar. This ques-

tion seemed to only have two answers, both of

which would have upset either the Jews or the Romans. Instead, Jesus

steps back and chooses a third answer. Jesus says to give what is God's to God and what is Caesar's to Caesar.

The second attempt to trap Jesus came from the Sadducees. They asked Jesus a paradoxical question about a woman who married multiple times. They asked who she would be married to in the afterlife. Jesus again took a step back and gave an answer to a question he was not presented with.

He said that the Sadducees misunderstood the Scripture and how marriage would work in the afterlife.

Finally, on their third attempt, the Pharisees got together and asked Jesus the difficult question, "What is the greatest commandment in the Law?" Jesus gave the answer, "Love the Lord with all your heart, soul, and mind. And the second is like it, love your neighbor as yourself."

*(Mr. Krehbiel continued on page 4)*

## A Long Weekend for the Lions

By Kolden Hoversland

The LCHS students got a much-needed break from school this past week over MEA. MEA break is a period where teachers work on their studies and take classes, while students get some time off. I

asked some students what they did over the break and got several different responses. For the Senior class, Kaleb Hoversland and I headed to Casper, Wyoming to

spend time with family. Sean Uy also hung out with family at home. Doven Birdsbill hung out with friends and went to a Wolf Point Wolves' football game. Rebekah Jossart traveled to Williston with the dorm, and spent some time watching movies.

For the Junior class, Sally traveled to Williston with Rebekah. Shiarie Birdsbill celebrated her

birthday and also attended the Wolf Point football game. Elijah Lenihan hung out with Jasiah Hambira and played video games. He also uploaded some YouTube videos to his channel 'ShadowMage'. Bryan and Alex Chen traveled to Big Sky with the dorm boys.

As for the sophomores, Cayden Klatt went on a

## 'And That's a Wrap! By Sally Arai

The Lady Lions volleyball team played many games throughout the past few weeks.

The girls traveled to

Rebekah digs deep to make the pass.

Glasgow on October 12. They unfortunately lost the first set, but they worked hard and won the second set. The score for the first set was 16-25, the second set 25-21, the third set 20-25, and the fourth set 22-25.

On October 16, the Lady Lions hosted the Lady Porcupines from Nashua. The Lions wore pink outfits to raise awareness for breast cancer. Their pink ensemble included pink jerseys, socks, and ribbons. Although the scores for all the sets were very close, they lost the game. The scores were as follows: first set 21-25, second set 19-25, and third set 14-25.

On October 19, they played their last, regular season game against Scobey at home. Before the game began, the

seniors who were involved in the volleyball program this year were honored. This is traditionally called "Senior Night" and the accomplishments of Sean Uy and Rebekah Jossart were recognized. This season was Rebekah's first year playing volleyball.

Seniors Sean Uy and Rebekah Jossart honored during Senior Night.

She improved so much, and she has been having a lot of fun playing volleyball. Her friends, Doven Birdsbill, Shiarie Birdsbill, and Meredith Valentine, escorted her and presented her with a gift and flowers. Sean Uy, escorted by the Reddig family, is the videographer for the team and has been supporting them a lot.

The Lady Lions worked hard in this last regular season game and made us all proud to be Lions!

## All Saints' Day By Doven Birdsbill

All Saints' Day is a religious holiday celebrated in countries all over the world, predominantly those that have a large proportion of their population influenced by the Catholic faith. However, some Protestant Churches, as well as Eastern Orthodox Churches celebrate All Saints' Day as

well. This holiday occurs on November 1. It began in Rome, in the 600s by Pope Gregory IV to celebrate the saints of our world and to honor loved ones who have passed away. Some people celebrate the holiday by decorating graves with flowers, lighting candles, and attending religious ceremonies. It is also known as All Hallows, Solemnity of All Saints, Halloween, or Feast of Saints.

Halloween, or All Saints' Eve, is celebrated on

October 31 of every year. It originated from the ancient Celtic "end-of-harvest" festival of Samhain around 4000 B.C. The name "Halloween" comes from "All Hallows' Eve" which means "hallowed evening." Some cities in the U.S. even refer to it as Cabbage Night.

Some of the traditions celebrated on this day are Trick-or-Treating and house-decorating. Many children go Trick-or-Treating, dressing up as their favorite characters

and receiving lots of candy and treats. This tradition is believed to also have originated from old Samhain festivals. Another modern tradition is house-decorating, where people compete in decorating their houses and hosting contests in their neighborhoods.

If you celebrate these holidays, I hope they turn out to be great. May your candy be sweet and your holidays be neat!

**"Put on the full armor of God so that you can take your stand against the devil's schemes." Ephesians 6:11**

# Welcome to LCHS!

## Another Abby By Arun Ramnarace

This year Lustre Christian High School gained a student name Abby Olfert. When I asked Abby what she hopes to accomplish this year, she jokingly said to graduate from being a freshman to being a sophomore.

Since Abby has lived in Lustre her whole life, she attended Lustre Grade School as a Kindergarten all the way through her eighth-

grade year. From her perspective, coming to high school at LCHS was just the next logical step.

She, like other students, plans on doing basketball this winter, and she may also do track in the spring. I asked her what she likes to listen to before a game and she said she enjoys listening to Toby Mac and For King & Country.

Her favorite thing to do

outside of school is to play games with her younger siblings or

draw. Her parents are Landon and Mindy Olfert, and her favorite color is blue.

I really enjoyed getting to know Abby. If you see her around don't hesitate to say hi, she won't bite! Good luck in high school Abby. You will surely have a blast.

## A "Fresh" Start for Meredith By Rebekah Jossart

One of the many new faces here at Lustre Christian High School is Meredith Valentine. She is a freshman from Portland, New York.

Meredith stated that so far, she is adjusting to the community. One of the things that came as a surprise to her was how flat and dry Lustre is. It is quite an adjustment to move from New York to Lustre, but she said she loves how welcoming everyone is in the community!

When I asked Meredith what her favorite food

was, she said that she loves any Italian food and anything with cheese. She talked

about how her love for Italian food stems back to her Italian heritage.

Meredith's favorite Bible verse is Psalm 3:7. She said liked it because it shows how God will always be protecting us.

When I asked her what her favorite type of music was, she said she loves oldies and country music. Her hobbies included "eating food, eating more food, and sleeping." One of her favorite memories that she's had since she arrived is paintballing with the dorm.

As for her future goals, Meredith has a passion for being a police officer

in Chicago. The plan after high school for her would be to join the Marines and afterwards go to a criminal justice college.

Meredith is a great addition to LCHS so if you see her around make sure to say, "Hi!"

## Columbus Day: A Day to Remember By Sean Uy

In recent times, Columbus Day has become a less celebrated holiday in America, largely due to the shift in people's politics. What was once the holiday celebrating Christopher Columbus' discovery of the New World is now considered to be the beginning of the stealing of the Native Americans' land.

People have forgotten the importance of remembering the good that has come out of the discovery of our continent. Without Columbus' accomplishments, the Pilgrims would never have settled in Plymouth, Massachusetts. Even further down the line of history, our nation

wouldn't rise out of the aftermath of the Revolutionary War, and the course of the history of our entire world would be very different.

People these days tend to focus solely on the acts of evil that a person or a country has committed, instead of looking for the good. Our society today loves to criticize Ameri-

ca for the evils that it has done. Our history as humans is strongly

and flow of technology. While we may not always like our history, we all share it.

Celebrating Columbus Day doesn't mean that we're celebrating the bad things that happened after the discovery of the New World. We simply celebrate that driving spirit of discovery, given to us by God, as well as the discovery of our continent.

As a society, we can't get too caught up in the negative aspects of our history, but instead, we must work to move forward and preserve it.

built upon conquest. Not just by the Europeans, but by people of all nationalities and ethnicities. Civilizations evolve around the natural ebb

*(Mr. Krehbiel continued from page 1)*

After discussing these verses, Mr. Krehbiel then decided to talk more in depth about Jesus' answer to the third question. Mr. Krehbiel stressed that it is important that we do not emphasize the second greatest commandment over the first. That while we are still to love our neighbors, we should not put that over our

Love and obedience to God.

We were grateful that Mr. Krehbiel could make it and hope to have him again.

*(MEA continued from page 1)*

trip with the Reddigs and Holzrichters, Courtney Teichroew stayed home, and Grace went shopping in Billings.

Finally for the Freshman, Vince Gonzales went to Billings, Clay caught up on some much-needed sleep, Mason Hilkemann went to Williston, and Anna Teichroew worked with her horses. We are all thankful to have had a

break, and now it's time to get back to work!
