The TUMBLEWEED

Love of Christ by Alexander Chen

On October 25th, we had a special speaker for our chapel, Tito Matias. He started out with a game, in which “whoever has” needs to stand up. He said this game can let us acknowledge others more, and sometimes there is someone who is surrounded by people but actually alone in heart. After the game he talked about his life. He has brothers in gangs, he had 3 uncles in prison as well. He also shared how he got sexually abused by 2 different men. When he was younger, he got bullied by others. But even though his life was like this, God still blesses his path. After he came to Lustre, he

realized something had started to change. he said people never realize how special this place is until you live here . He also shared a verse with us, Proverb 3:5-6,

“Trust in the Lord with all your heart, and lean not on your own understanding; In all your ways acknowledge Him, and He shall direct your paths”. To end his chapel, he expressed that when he was at LCHS, the community was so loving and he a lot of things, one of them is the love of

Mission in Japan by Elijah Lenihan

It's October! The year has gone by so fast. We have already gone through a quarter of school and harvest is already over. Speaking of harvest, Darwin Stoesz spoke at the EMB church on October 9th for their annual harvest festival. He decided it would be a great idea to speak to the

high school as well, so the next day he came to chapel and taught us about Japan. Mr. Stoesz has been a missionary in Japan for years, so he knows a thing or two about it. His wife and two daughters lived with him in Japan . He showed us how different the culture is from

America, and the traditions and values they hold compared to ours. He said that Japan has the smallest percentage of Christians living in its borders than any other open country in the world. Christianity is legal in Japan, but there is still not very many Christians

“And everyone who calls on the name of the Lord will be saved .” Acts 2:21

LCHS Girls Volleyball By Elijah Lenihan

On October 4th, the Lady Lions faced off against the Wolf Point Wolves in an exciting volleyball matchup. The Lady Lions had already played Wolf Point previously in the season and had come out with a win, so this time they were looking for the same outcome. In the first set, Wolf point pulled ahead by nearly ten points. The Lions tried to get the ball rolling, but were unsuccessful, losing the first set by nine points. In the second set, both teams went back and forth for a while until ultimately Wolf Point slipped ahead at the end and won by just a couple points. In the third set, both teams struggled to get an advantage over the other, battling their way for every

point. The Lions hustled and exchanged volleys but with a stroke of bad luck, the Lions went down 27-25.

On October 6th, the Lady Lions played Fairview. The fans came out in pink to support cancer awareness, and to support their Lions for the last home game of the season. Fairview came out on fire and managed to win the first set by a hefty margin. The Lady Lions were not going down without a fight though. They rallied together and just barely lost the second set by two. Then, sadly in the last set, the Lions couldn't muster the energy to topple Fair-

view, losing 25-19. Thank you to all the fans who came out to support them on senior night. The season is not over, so make sure to cheer them on in their next few away games .

Lions VS The Porcupines By Jasiah Hambira

On October 13th our Lady Lions traveled to Nashua to face off against the Porcupines. The Porcupines had senior night celebrating four seniors after the ceremony, we got down to business. Our girls started off the game with high energy and after a bit of back and forth Nashua pulled away with a final score of 11-25. Our Lady Lions were not discouraged and kept their spirits up. They kept the game close and it seemed like no one would pull away. But their effort was not enough to take the lead and they lost with a final score of 25-21. Going

into the third set our girls seemed discouraged early in the match. But they started a comeback after a play where the ball bounced off a player's face and the Lions kept it together to get the point. This amazing play was not enough to win the set. The final score was 18-25 and our girls lost 0-3 in the series. Although our Lions lost, I saw smiles on their faces the whole time and you could tell the fans had a role in that. We are proud of our Lady Lions and cannot wait to see the results of the last few games of the season.

Lions VS Redhawks By Sally Arai

On Friday, October 14th, The Lady Lions volleyball team traveled to Froid High School to play Froid /Medicine Lake Lady Redhawks. The games were competitive and they only lost by a few points in the second and third match. In the first game, we were not able to attack

very well, but in the second and third game, they were strong defensively with lots of kills and blocks but ended up losing by a few points. The Lady Li-

ons gave their best on the floor and showed some real progress through this game. With the regular season coming to a close, be sure to cheer them on as they finish strong. The Lady Lions are preparing for the district tournament coming up on Thursday, October 28th, at Plentywood. Go Lions!

Lions take on Scobey By Mana Okamoto

On Tuesday, October 18th, our Lady Lions had another away game at Scobey. They were ready for the game through everyday practice and the games they have done for the whole season. In the first set, our Lady Lions came to the court with enthusiasm and played hard, but unfortunately the Scobey girls were tenacious enough to sweep off our Lady Lions' courage, with the score 7-25.

In the second set, our Lady Lions came up strong. They played hard against the Scobey girls. They lost with the score 10-25, the score got closer to the Scobey girls showing The Lady Lions' fortitude. They kept their energy high, put up a fight, rallied together and got a which is close to the Scobey girls. The last set ended with the score 23-25. Even though our Lady Lions lost their game, they

showed great endurance to their fans. Furthermore, they made the P-S-H (which stands for pass-set-hit) 39 rallies in a row. Phenomenal job, Lady Lions!

MSUB College Visit By Braden Ewing

On Tuesday, October 11th, Charlene Allmer came from Billings, Montana as the Montana State University Billings representative. She spoke to the senior and junior classes about the opportunities and career paths at MSUB. Charlene spoke about obtaining scholarships and different ways to apply for various scholarships. The students had many questions for her but the main ones were tuition and life on campus. Charlene went in-depth on both of these topics and gave a really clear explanation of how

things are set in MSU Billings. She spoke on things we didn't understand like on campus jobs to group activities that are held on campus and much more. Charlene also spoke about how she

came to chose MSU Billings and why she thought it was a perfect fit for her. She gave the students a lot of things to consider about MSU Billings. Not only did she give tips on things to consider about applying to MSUB but helpful tips that would be useful when choosing any college. I know that all the information she gave will prove to be very useful when applying to colleges.

Colorado Christian University Visit by Bryan Chen

On October 17th, we had a visitor from Colorado Christian University. The juniors and seniors, who are looking forward to becoming college student, had an opportunity to have a face-to-face chat. The college representative provided information on the dual enrollment program. The dual enrollment program enables students to take college class credit in high school. In this program, students can work as a class, (17 people at least,) a group (5 people at least), or online for those who want to do it individually. Dual enrollment programs

cost 300 dollars per three credit

classes, and you can take as many as you are capable of. The college representative also mentioned that an associate degree

needs 60 credits in total, which is about two years of college. It means that the more credits you take in high school, the less time and money you spend in college. I am sure for some of us, it will be an excellent opportunity to both save money and have an advanced education. At the end of the college visit, he gave us some gifts to remind us of CCU college, like sunglasses, CCU logo stickers...etc. We are so glad to have had the chance to know more about Dual Enrollment Program.

The New Soccer King by Gabe Alves

Soon to be a professional soccer player is Eyosias Alayew, a young man who has a lot of goals. Eyosias is very talented and is very dedicated to school. He has been a blessing in the dorm and has made a lot of friends already. He has two younger siblings, Natan and Abigeal. They also plan to attend Lustre in the years ahead. Eyosias has a passion to play soccer everyday in his free time. School here has been very different

from Ethiopia in many

ways. For example, school is a bit harder but there is a lot of help from the teachers. His goal

after graduating high school is to get to play in a soccer league but if that isn't possible, he will go to college. Eyosias loves the Lustre community because of how kind, loving and supportive they are towards him. His favorite Bi-

ble verse is Romans 8:18, "I consider that the sufferings of this present time are not worth comparing with the glory that is to be revealed to us." Eyosias, favorite subject in school is Art even though it is challenging for him. Make sure to introduce yourself to the future soccer king and maybe someday you can attend one of his professional games for free.

Getting to Know Ife By Alexander Chen

This year we welcomed many new students. One of them is a junior from Nigeria, Ife Aniobi. The first question I asked him was "What do you like about Lustre so far?", and he replied that he likes how nice and welcoming the community is. This school year, he said he will try to keep a 4.0 GPA and try to make varsity on the basketball team. His favorite verse is John 16:33, "In the world you will have tribulation, but take heart, I have overcome the world". Also his favorite food is lasagna and his favorite sport is basketball because he

fense. He said his role model is

likes the feeling of hitting a shot and playing de-

Andrew Tate, "the way Andrew Tate lives his life pushes him to try to be a better version of himself every day". He has 3 siblings, one younger sister and two younger brothers, and one of his siblings we already know is Emeka Aniobi. His birthday is 5/26/2006 and for his life goal, he said he wants to be a successful person and try to walk on the path that God prepared for him. So if you have not met Ife yet, please stop by and say hi to him and give him a warm welcome to the community.

(Continued from page 1)

who live there. This has made it tough for him and his family. It would be even tougher if it were not for him being able to learn fluent Japanese though. Mr. Stoesz also showed us some of the things that Japanese children do such as watch anime. To finish off his chapel, he played a popular Japanese song called, Paprika, that just

Page 4

sticks in your head for days. We all

loved having Mr. Stoesz speak to us, and look forward to having him in the future.

"And everyone who calls on the name of the Lord will be saved ." Acts 2:21
