# The TUMBLEWEED

## Opening Program by Ifeanyichukwu Aniobi

The 2023/24 school year is finally here! To start it all off, we had the Opening Program this past Sunday. On the 27<sup>th</sup> of August, the LCHS community gathered together in the high school gymnasium to officially meet the students and staff of Lustre Christian High School, as well as to commit the school year unto the Lord. The program began with Mr. Cattell addressing the community and some short words on his activities this past summer. We then got the opportunity to hear the testimonies of our new teachers, Mr. Ross and Ms. Eggar, who we are very glad to have and welcome into our community. Ms. Dela Cruz also shared her own testimony as she arrived later on in the previous school year and had not done so yet. Mr. Ross is originally from Pennsylvania but interestingly has taught in the UK, specifically Scotland. He is a very intriguing

character and we look forward to learning more about him. Ms. Eggar is a native of Wolf Point, which is not too far away from Lustre. She actually graduated from LCHS in 2019. We are happy to have her as our new math teacher. Ms. Dela Cruz hails from the Philippines. She has been part of the community for a while now so we are more familiar with her. She is a lovely teacher and we are thankful for her! The advisors of the classes then introduced their students to the community. This year we welcomed two new students so far, Joseph a freshman from South Korea, and Natoli, a junior from Ethiopia. We are happy to have them! As the abiding principal of Lustre Christian High School, Mr. Cattell decided upon the scripture for the new year. He chose a verse important to him as this verse represents his vision for the new school year. Galatians 6:2-  
 “Carry each other’s burdens, and in

this way, you will fulfill the law of Christ”. Mr. Cattell strongly believes that as a school, this year we must work on being service-minded individuals, meaning we should all try to be more selfless and conscious of each other’s burdens as Christ is to us. Mr. Cattell plans on having a more efficient and productive school year this year. He simply wants things to work better for the school. One of the things Mr. Cattell hopes to do this year is add an experiential class to the school so students can have an opportunity to learn some practical life skills that will be useful for them in the future. Ultimately though Mr. Cattell looks forward to enjoying the year and enjoying the students as he believes the school will have a lot more stability this year. We look forward to having a wonderful school year this year. Stay tuned! Go Lions!

Galatians 6:2**

## Lady Lions Volleyball Starts Off Strong by Grace Brown

On Saturday, August 26<sup>th</sup>, the Lady Lions volleyball team headed off to Culbertson at 5:45 in the morning for their first games of the season. Their first matchup was against the Savage Warriors. This game started pretty rough with the girls getting out their "first game jitters". The ending score of that game was 5 to 25, with the Warriors winning. The next game brought a completely different volleyball team onto the floor. This game, against the Culbertson Cowgirls, was pretty close throughout. The Lions were up most of the game until Culbertson brought out one of their hardest servers. The ending score was 23 to 25, a very tight game with the Cowgirls coming out on top. The

home game to support these girls! The next team the girls would face would be the Scobey Spartans. Although the girls gave great effort and tried hard, the ending score was 10 to 25. After these pool play games, the volleyball team headed into the official tournament. Their first game was against the Bainville Bulldogs. Although it's hard to tell this early in the season, Bainville seems to look like a pretty good team. So the girls came out, ready to play hard and persevere. The first set went pretty well and the final score was 15 to 25. The second game went even better, but the score was 18 to 25, Bainville winning in 2 sets. The girls showed great improvement from last year even though the score didn't necessarily show it. Make sure you come to their next

## Lady Lions Face off the Spartans by Casidy Grider

On September 1st, 2023, the Lustre Lady Lions headed to Scobey to face off against the Spartans. During the first set, the Lady Lions were a little shaky. They tried their best, but the Spartans stole the first set at 25-10. Since Covid is now officially over, the ladies change sides of the court after every set. On the other side of the court, the second set began, and the game became more competitive. There were several rallies and amazing passes made by the Lady Lions. Hope rose in the crowd, thinking we may steal this set.

Even so, the Spartans won again with a score of 25-13. The ladies switched sides of the court once again, back to where we started, with their spirits still high. Scobey came out swinging in the third set, making the score 3-0 easily. Lustre came back though, and refused to go down without a fight. Rallies ensued once again, our ladies searching for victory. Our ladies fought hard but sadly, could not claim the victory. The last set ended with a final score of 25-11. Even though our girls lost, I think they learned a lot from the match and I look forward to seeing how much growth comes from this season.

Galatians 6:2**

### Lustre Lady Lions vs Glasgow By Layla Quiroz

The Lustre Lady Lions took on the Glasgow Scotties on Saturday, September 2, taking the win in just 3 sets at their first home game. With 25-18 as the score for the first set, the Lady Lions fought hard and were able to keep the score close throughout the whole set having the determination to climb to the top. Jaden Gibson had an amazing serve to end the first set. The transition from the first set to the second set was filled with so much energy and adrenaline going through both teams. Alexa Reddig had an incredible spike halfway through the set

and had the crowd on their feet, cheering. The score was 25-11 for the second set and it was off to the third and final set. The Glasgow Scotties played hard in the last set and had outstanding plays too. The Lustre girls were able to take over the third set and finish with the score being 25-13. Both teams played well and Lustre had a good time watching these two teams play their hardest.

### R&R Day by Terran Joseph

The school year has started and LCHS just had its annual R&R Day. For most people, R&R stands for Rest and Relaxation, but for the staff, it stands for Recreation and Restoration. After a long, hot bus ride, we got off at the park and got the supplies out. Half of the students stayed under the shelter and the other half went to play basketball. With the legend himself, Mr. Dan Marasco, joining in to play against the boys that went. After “breaking half of the players' ankles” in a 5v5 pick-up game, Mr. Marasco led the school and staff in worshipping many songs before the speaker came up. Mr. Bernie Swartzendruber, dorm dad and speaker for the day, is a very well-spoken God loving man. He spoke about the providence of God, and how we should be willing to be ready to answer to God when he calls for you. He also spoke about preparing yourself for a wife. The school year has started and LCHS just had its annual R&R Day. For most people, R&R stands for Rest and Relaxation, but for the staff, it stands for Recreation and Restoration. himself, Mr. Dan Marasco, joining in to play against the boys that went. After “breaking half of the players' ankles” in a 5v5 pick-up game, Mr. Marasco led the school and staff in worshipping many songs before the speaker came up. Mr. Bernie Swartzendruber, dorm dad and speaker for the day, is a very well-spoken God loving man. He spoke about the providence of God, and how we should be willing to be ready to answer to God when he calls for you. He also spoke about preparing yourself for a wife and to love and care for your wife the way Jesus did for this world. Mr. Bernie also spoke about how we are like sheep and sometimes want to wander and stray away from our pasture and we might get harmed while being astray. After the sermon, the yearly softball game happened. The defending champion, with a 7-0 game winning streak, Cayden Klatt looking to add one more to his win column. It didn't happen, with the amazing coach on the other team winning 3-0 and breaking his streak. The day ended with a sing-along with it being the last R&R day for the senior class.

### Miss Emily Eggar by Mitchella Rosidor

Miss Emily Eggar grew up in Wolf Point, Montana. She's an introvert and has one brother, who is married. Her favorite color is yellow. Her favorite foods are meatloaf and lasagna and her favorite drink is coffee. She has one cat named Owen. Her hobbies are running and crocheting. Her favorite verse is Psalm 1:21, "Blessed is the man[a] who walks not in the counsel of the wicked, nor stands in the way of sinners, nor sits in the seat of scoffers." Miss Emily went to high school in Lustre, Montana. She said she had a good experience. She made some good friends and was the STUCO treasurer and then STUCO presi-

dent. She ran track and she enjoyed playing volleyball. She graduated in 2019. She went to university in York, Nebraska, and studied chemistry and biology with a minor in math. One of her favorite classes was anatomy and physiology. She was also involved in student government and college choir for 3 1/2 years. She did theater and also started a science club, STEM Society. While she was in college, she worked as a phlebotomist. Miss Eggar graduated and moved to Wyoming for a little while because her brother lived there. She got a job in Wyoming working as a phlebotomist. Miss Eggar then got a job offer in Lustre, Montana and now she's working as the new math teacher.

### Mr. Ross by Courtney Teichroew

The high school has a new history teacher this year. Mr. Ross grew up in a Mennonite farming community in Harleysville, Pennsylvania, in the foothills of the Appalachian Mountains. The community he grew up in is part of the Franconia Mennonite Conference, one of the oldest conferences. He is one of five children and says that he learned a lot of values from growing up there and that his parents are still married. Mr. Ross is teaching History, Speech, and Economics and is the advisor for STUCO this year, though he usually teaches English only. Some of the places he taught before coming here were as a private tutor in Scotland, later teaching at an interna-

tional school in Jiangsu, China, which is just north of Shanghai. He also taught at the Dine' (Navaho) Reservation in New Mexico, in Eley Navata at White Point High, and in Azerbaijan. Before coming here, he took five years off before finding this job at Lustre. When asked if he is enjoying it here in Lustre, he said he is. One of his goals in life is to get back into farming on the eighty acres of grassland that he owns in Eureka County, Nevada. Hopefully, Mr. Ross will continue to enjoy teaching at Lustre Christian High School.
