LCHS Christmas Party by Andy Curl

On the last day of school before Christmas break (Dec 19), our school's student council put together a Christmas party for the students. This year we were able to have a full day party. The day started off with Nathan going over the schedule for the day so that people would know what's going on. After that, the students were split into 4 separate teams that would compete for a prize. The first events were a volleyball tournament and a gingerbread house competition. While 2 teams played Volleyball in the gym, the other 2 would try to build the best gingerbread house that they could. These 2 activities were very fun to participate in as a team and were a nice addition to our school's usual Christmas parties in previous years. Once the winning team was decided (Hannah, Ashton, Prestyn, Lauren, Samantha) the rules for the gift exchange were stated and everyone got ready to pick their gifts. For my gift, I received sparkling cider and a Starbucks gift card, which I

really enjoyed. Once everyone had received their gifts, lunch started, which was accompanied by some card games. After lunch, students could choose what activities they wanted to do. Upstairs, the movie Klaus was played while in the rest of the school, a game of real life Among Us was played. Overall, I think that this

year's Christmas party turned out great and was a wonderful way to talk with other students that you maybe aren't usually able to talk to. It also gave a nice send-off into the new year ahead.

Lustre Parents and Community,

I hope you had a great Christmas and New Year celebration.

We have had a great first semester at LCHS. I want to thank everyone for their support, some visible and some very much behind the scenes. We are so grateful for all those who have stepped in to keep the school and dorm operating smoothly by giving of their labor, time and finances. We continue to see God being faithful. Please continue to pray daily for this ministry that is LCHS; and give God the glory for what He has done and He is doing.

We have, and will always have, challenges in the day-to-day operations of the school. Mr. Bob Ivester, our History teacher, resigned due to health challenges. As always, staff and community have stepped up to see that the school and education of our students is not compromised. Pastor Hathaway has added U.S. History and Government to his schedule for the second semester. Mrs. Cumpio has previously taught World History, and has volunteered to teach World History at LCHS second semester. Mrs. Lisa Neufeld has stepped in to teach Economics this semester. We also had ten students sign up for the foreign language option. Mrs. Jenn Zerbe has added that class to her schedule. This is an online course through Ignitia.

Course offerings remain the same with the addition of foreign language and the dropping of computer coding. We intend to add computer coding again for the 2026-2027 school year. We have also corrected a calendar issue to meet Office of Public Instruction's standards for classroom minutes. The adjusted calendar was sent out December 12, 2025. If you did not receive the revised calendar, please let us know as we have extras in the high school office.

As we start the second semester, we are thankful for God's provision in workers, prayer warriors and material need. We have much for which to be thankful. As we endeavor to be approved workmen, we invite you to visit and see what your students are doing. As we work to become better each day, we welcome your suggestions and will make every effort to improve on meeting your family's educational goals.

In His Service,

Wes Young
